About Us

PhotoFeed is your one stop platform to get express yourself to the world! Initiated as a social news and photo sharing portal and inspired by the prominent social media feeds - PhotoFeed allows you to share your thoughts anywhere, anytime! Want to make your words come to life? We have got you covered! The best part is you can capture your favorite moment and share it away for the world to see! The platform has been curated to make the experience a bit more enjoyable for your connections. Anyone can upvote their favorite posts and have their fair share of appreciation!

Prominent Features (Current Status):

1. Distinctive User Profile
2. Photo Uploading
3. News Sharing
4. Upvoting

Future Plans:

1. Post Sharing
2. Direct Messaging and Chat System
3. Posting without mandatory photo attachment
4. Commenting Feature
5. Profile Follow System
